### ONLY THE CENTURY HAS THE PROVEN- DEPENDABLE PLAY COMBINATION!

**Famous TU-SIDE  
MECHANISM with tone  
arm and record table in  
easy natural position**

This superb piece of engineering merits your attention again and again because it has won recognition as the most satisfactory and fool-proof mechanism through years of successful operation.

Not an engineer's dream, but a tried and tested record-playing principle proven by millions of successful plays.

**45 R.P.M.  
RECORDS**

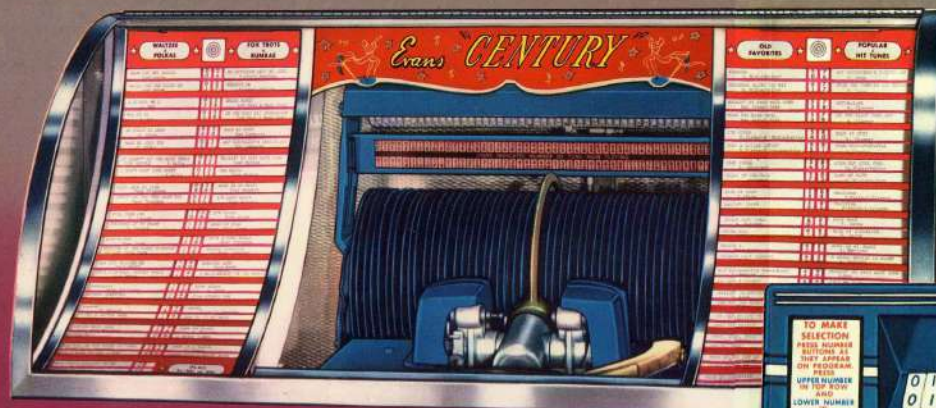

Recognized as today's best in superior recording and correct speed. Their advantages: absence of surface noise, 8 to 10 times longer life than shellac records, same size for both popular and classical recordings, easier to carry and store because they are lighter, made of Vinylite and are unbreakable.
